

# Dine in Orders

Dine in orders appear in orange

Items that **do not need to be prepared** at this stage will appear faded.

## Example:

Only the main course should be made.

Other items appear in fade – **do not make.**

1. Make main course
2. Bump
3. The rest of the order (the dessert) will appear when it needs to be prepared

# Dine in Holds Screen

To access the Dine in Holds Screen,  
click the icon on the top left of the Make Screen

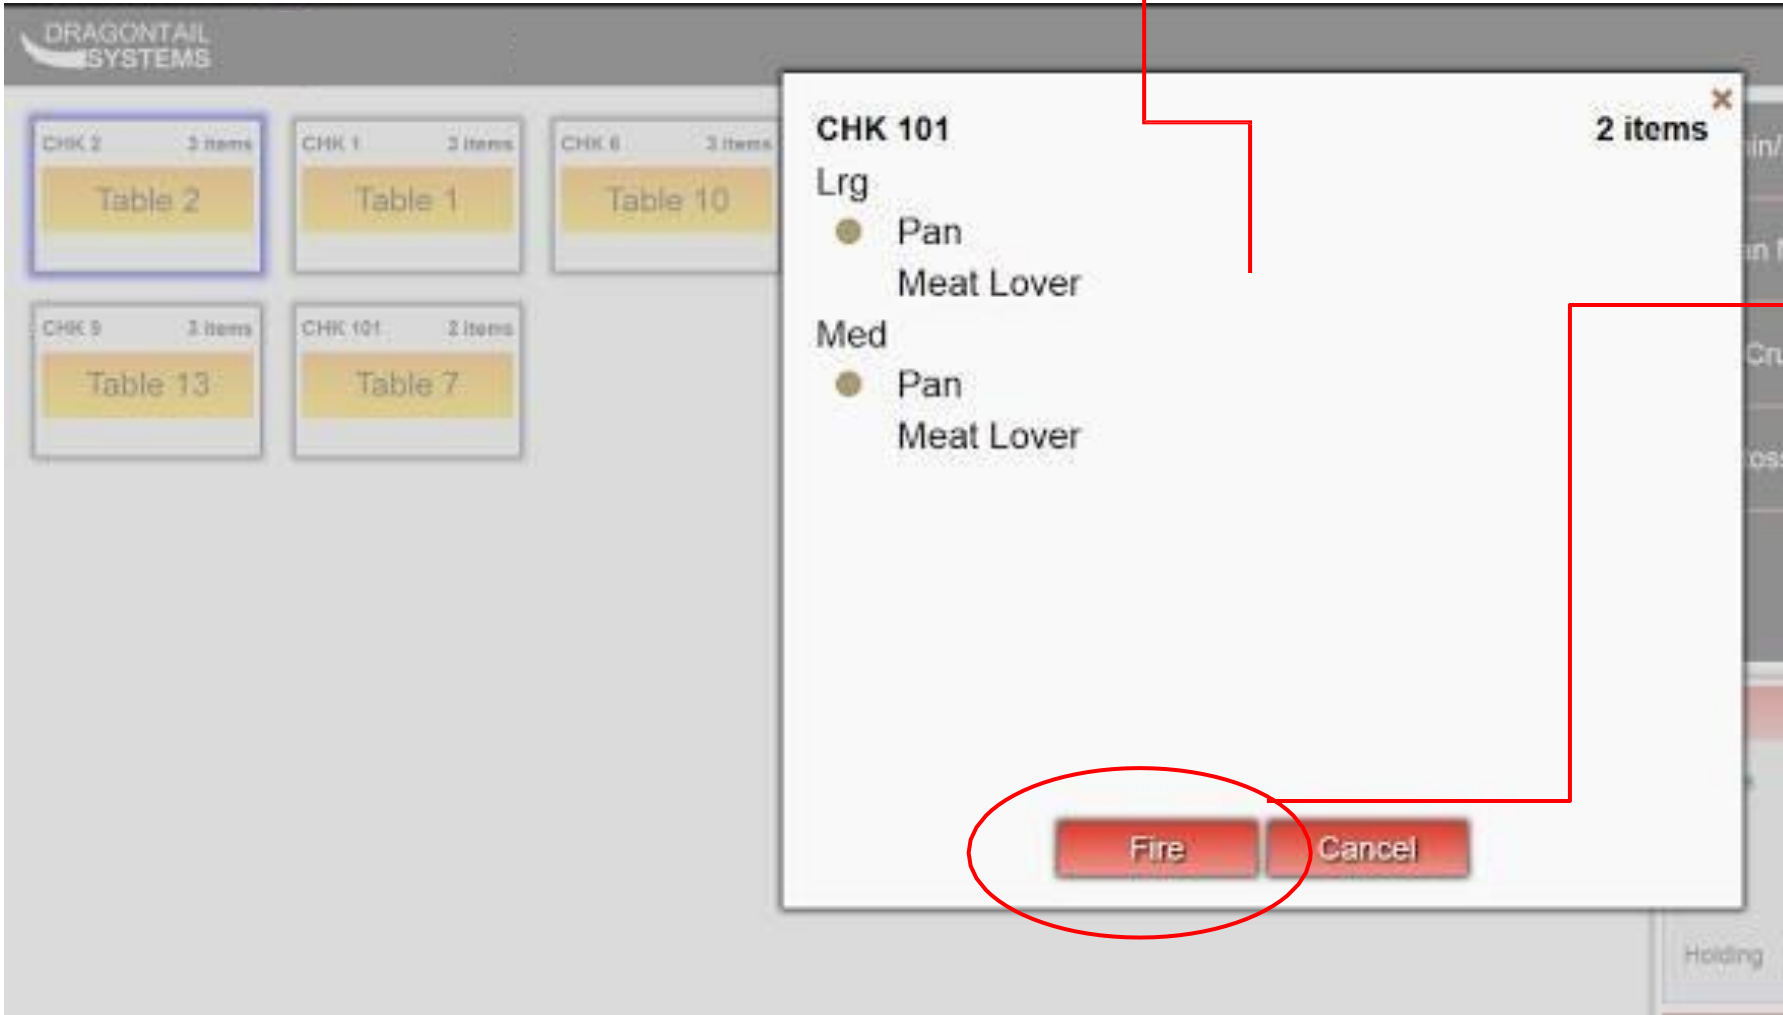

This Screen displays all open  
dine in tables  
(dine in items yet to be  
provided in the restaurant)

## D.I. Holds

# Dine in Holds Screen

To view the remaining items on a specific table, click the relevant table.  
A popup will be displayed with the remaining items on that table.

There is an option to “Fire” the items to preparation immediately in case there is a need to prepare the items before the defined time.
