As soon as the order arrives it appears on the MAKE screen. Delivery order is displayed in red.

The image shows a screenshot of a KDS interface. On the left, a red header bar displays a delivery icon, the text "HappyFlow 1", and a "1" with a "CHK" button. Below this, a "Make only" section shows two entries for "Ppp Pan" with various toppings. The second entry has a red circle around it. At the bottom of this section are navigation arrows and the text "01/01" and "01:07". On the right, there is a "Preparations" table with columns for "1", "2", and "3" (partially visible). The table includes sections for "Orders", "Items", and "Avg. Prep Time" (with values 00:00, 00:00, and 02). Below this is an "Agg Items" table with rows for "Stuffed Crust", "Lrg HT", "Med HT", and "Lrg Pan", each with columns for "0", "Med Pan", "0", "Lrg Thin", "0", "Med Thin", "0", and "Rectangle", "0". At the bottom right, there is a "Shelves" section with four quadrants labeled A, B, C, and D.

85

In case there are no available drivers to take the delivery, the instruction at the top of the order will be to "Make only".

Make only

Ppp Pan

- Cheese
- S Classic
- Ham
- Chicken
- Blk Olive
- Rst Peppr

Ppp Pan

- Cheese
- S Classic

Notifications

System Message Dispatch has been initialized

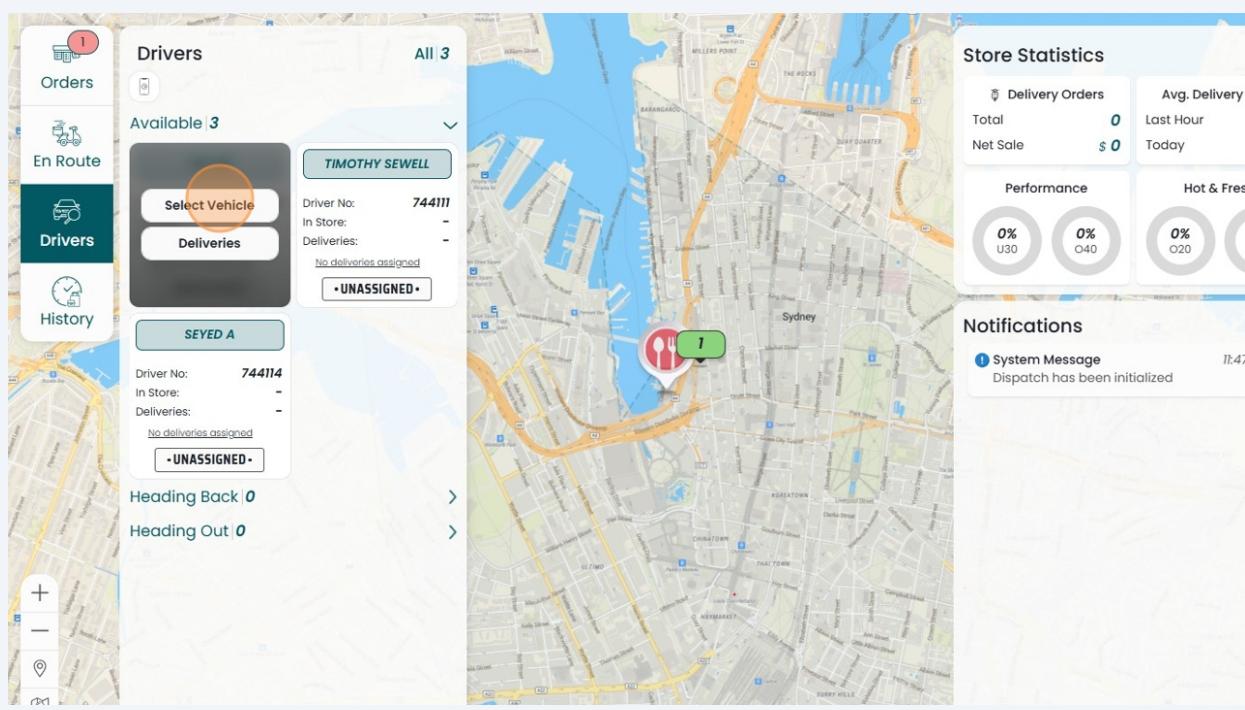

87

There are 3 drivers without assigned vehicles (the system considers them as not available). If those drivers are available to take deliveries, assign a vehicle to them.

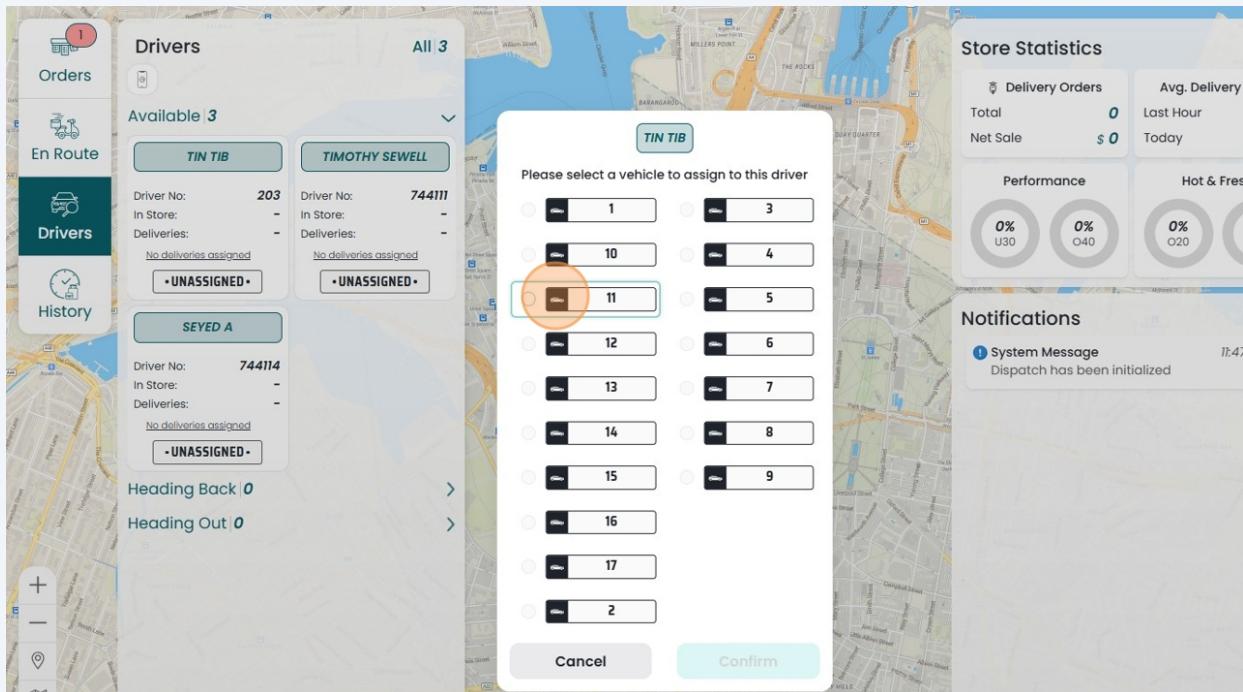

88

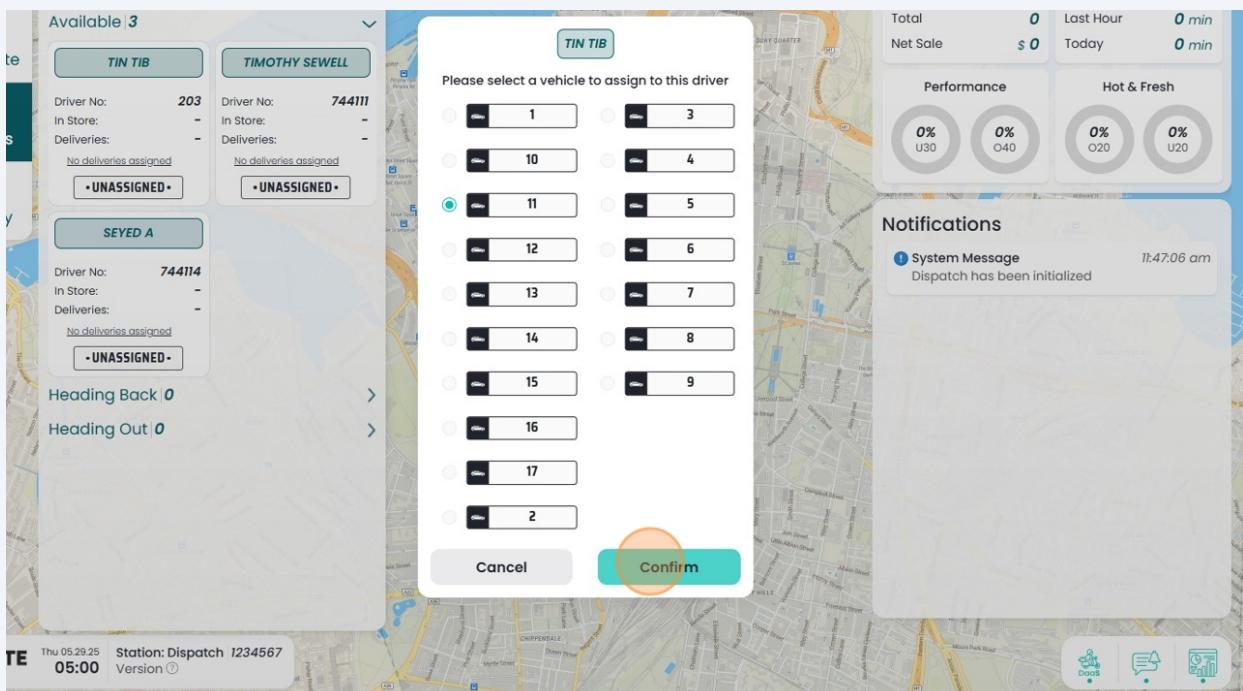

Just click the driver's name and then click Select vehicle.

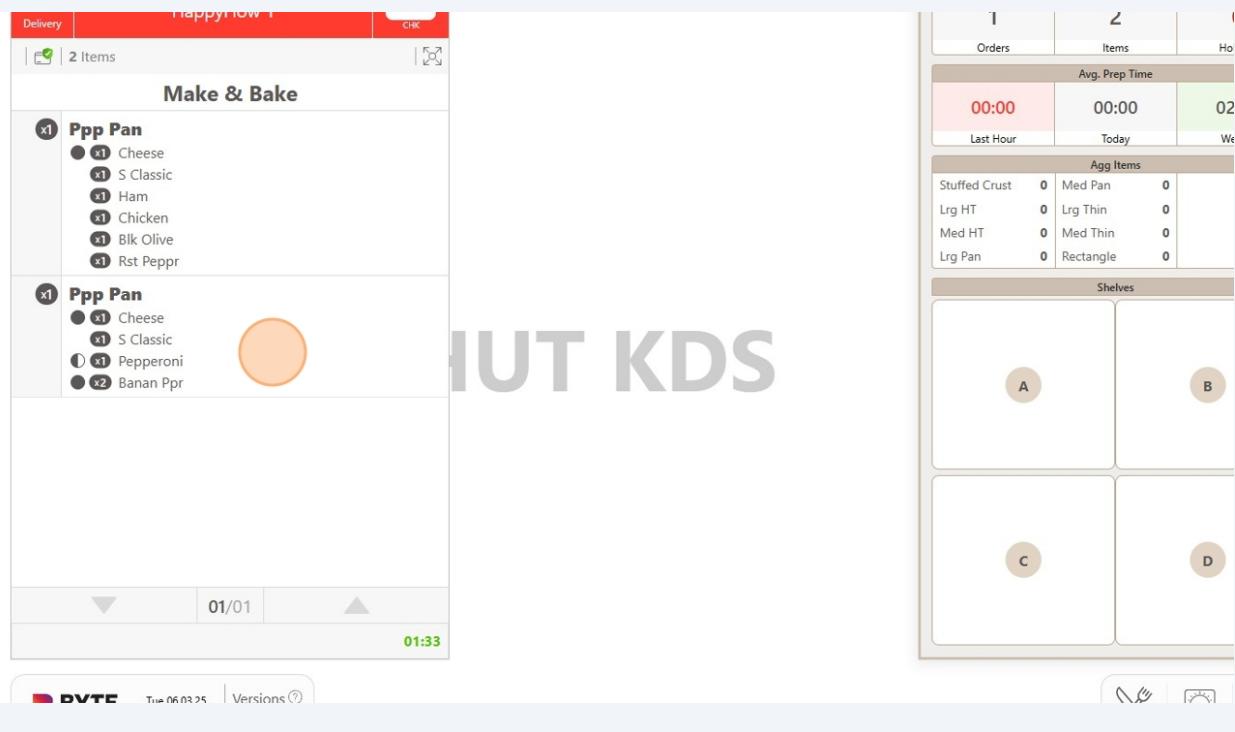

89 Select one of the vehicles.

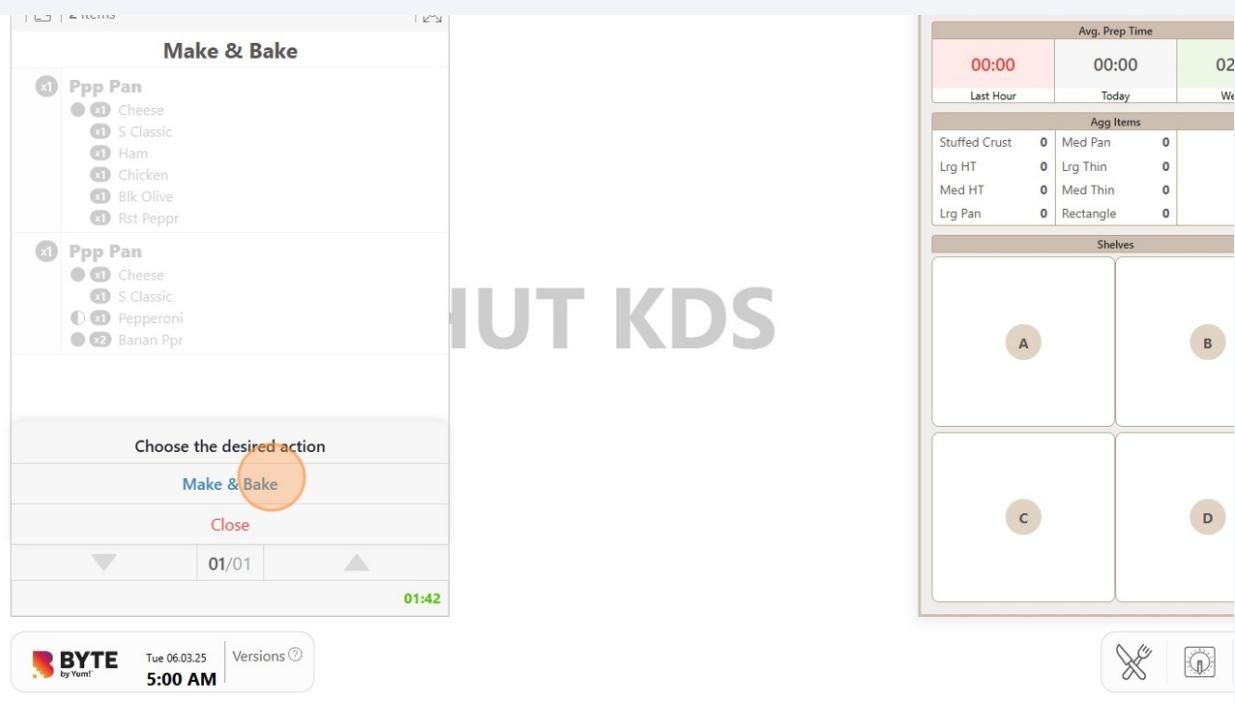

90 Then click Confirm

91 Now, on the MAKE screen, the recommendation has changed to Make & Bake

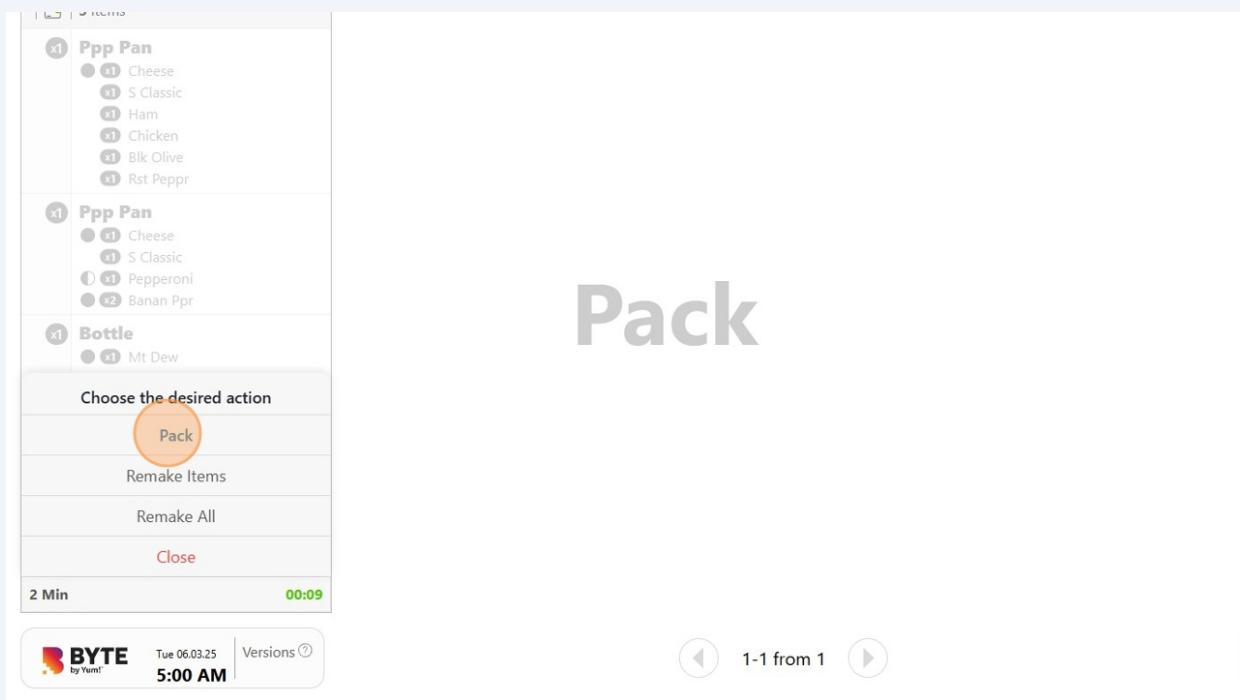

92 Once the order has been prepped, click anywhere on it and select Make & Bake option.

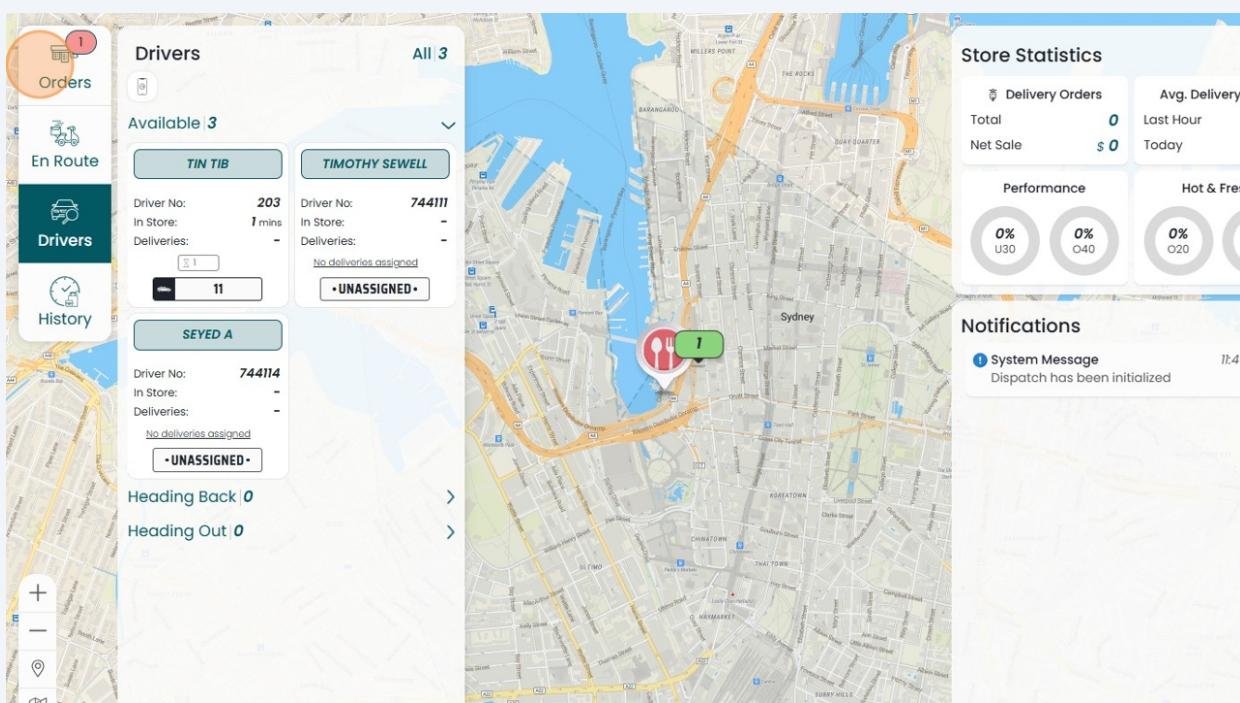

93

Then, the order will appear on the PACK screen. Once the order is ready and packed, you can click it and then select Pack.

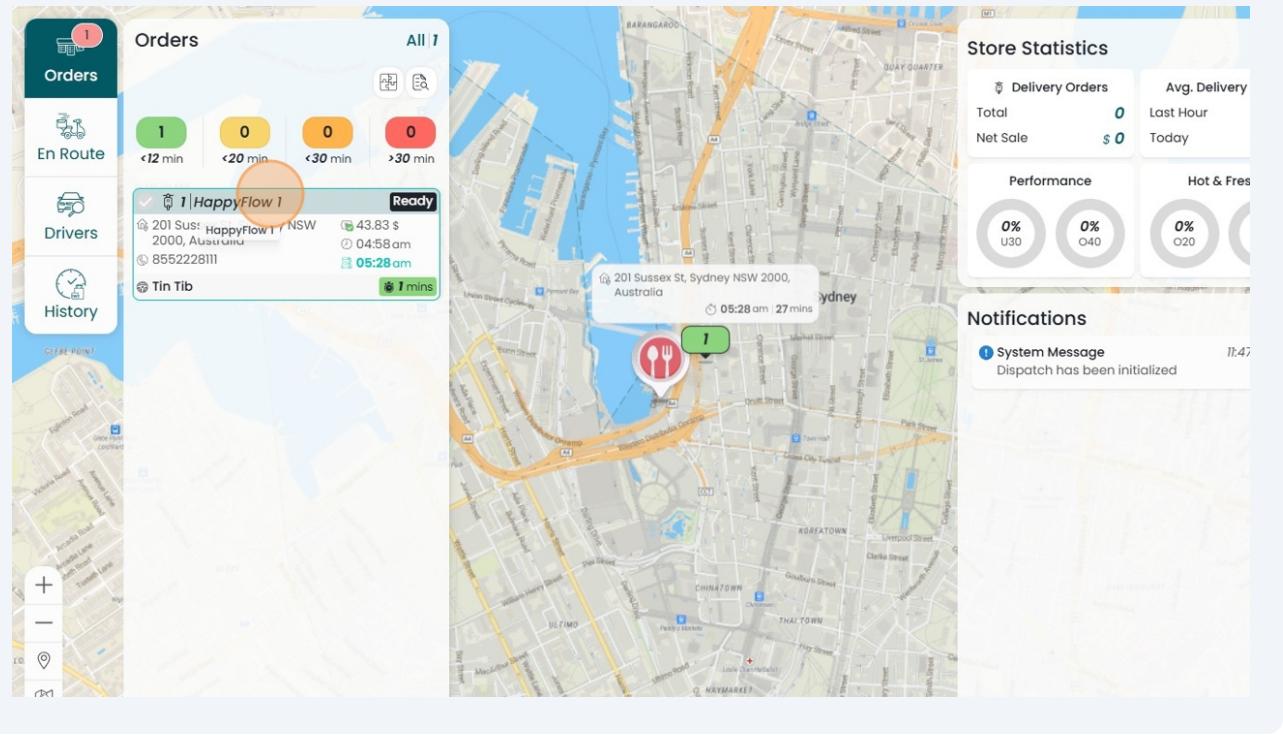

94

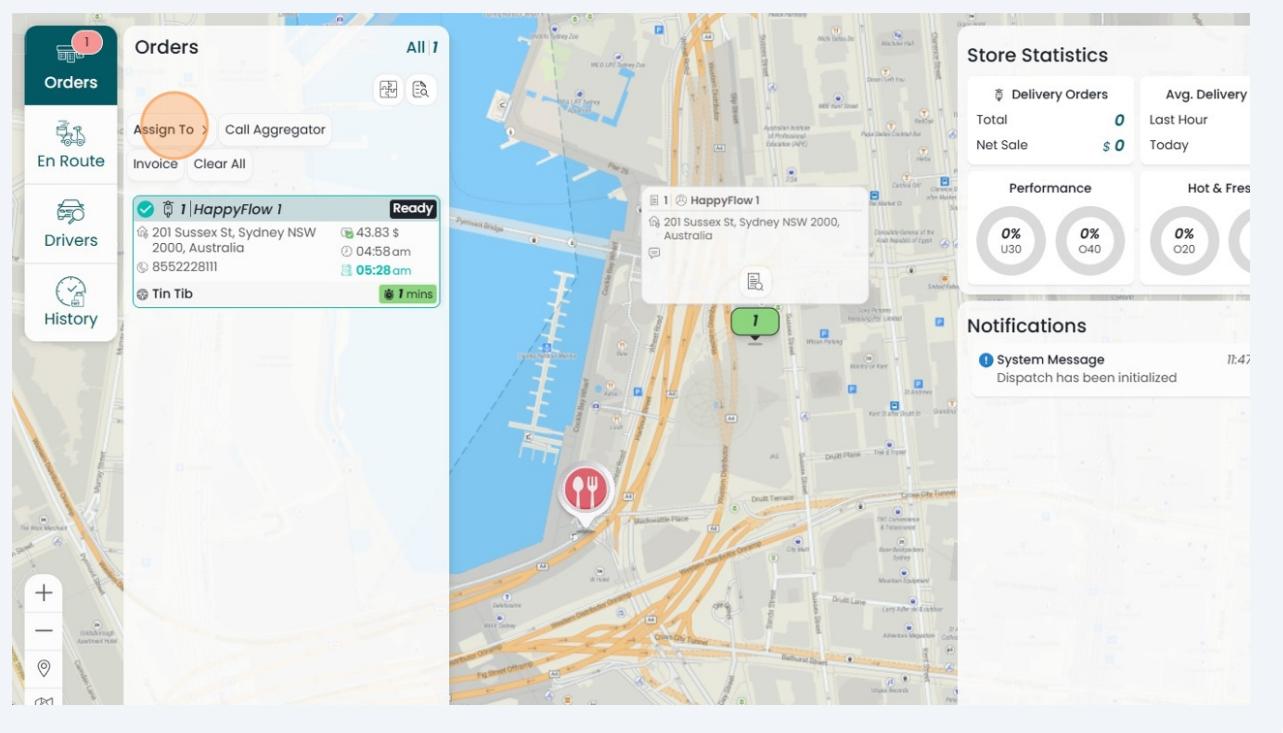

You can also see the delivery throughout the whole time on the DISPATCH screen.

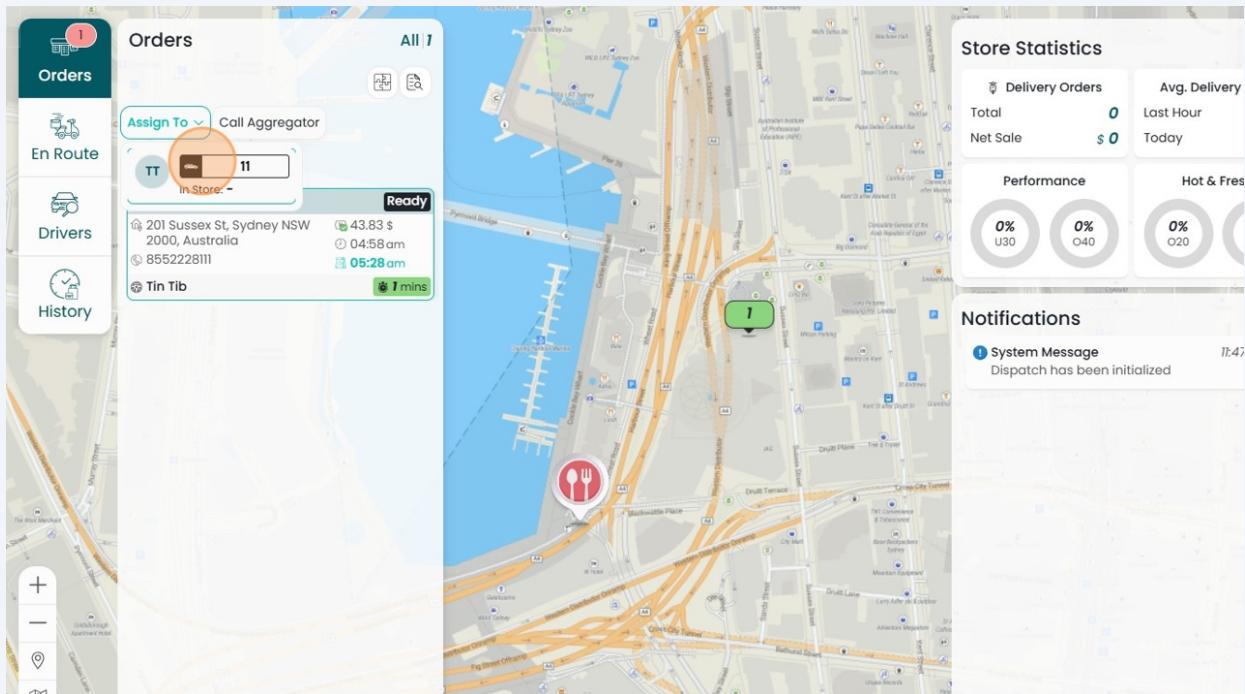

95 To assign the delivery to a driver, Click the order checkbox

96 Then click "Assign to"

97 Choose the recommended driver's name.

98 Finally, by clicking the "En Route" tab you will see the driver/s in real time on the map, making their way to the delivery.
