

FLOWS Delivery order with Make only option

99

100 The delivery appears on the MAKE screen (deliveries color coded red).

The screenshot displays two side-by-side screens, HappyFlow 1 and HappyFlow 2, both in 'Make only' mode. HappyFlow 1 shows two items: 'Ppp Pan' (x1) with ingredients Cheese, S Classic, Ham, Chicken, Blk Olive, and Rst Peppr; and another 'Ppp Pan' (x1) with ingredients Cheese, S Classic, Pepperoni, and Banan Ppr. HappyFlow 2 shows three items: 'Ppp Pan' (x1) with ingredients Cheese, S Classic, Ham, Chicken, Blk Olive, and Rst Peppr; another 'Ppp Pan' (x1) with ingredients Cheese, S Classic, Pepperoni, and Banan Ppr; and 'BtrBreadStx' (x1) with ingredients BreadStx, 1 Btr Sau, 2 StxSeas, and Marn Cup. To the right, a summary table shows 'Avg. Prep Time' for 'Last Hour' (00:00), 'Today' (00:00), and 'We' (01). Below this, 'Agg Items' are listed: Stuffed Crust (0), Lrg HT (0), Med HT (0), Lrg Pan (0), Med Pan (0), Lrg Thin (0), Med Thin (0), and Rectangle (0). A 'Shelves' section shows four empty slots labeled A, B, C, and D.

101 In case there are no drivers available, you will see the instruction to "Make only".

The screenshot displays the same HappyFlow 1 and HappyFlow 2 screens as in the previous image, but with a 'Choose the desired action' dialog box overlaid on the HappyFlow 1 screen. The dialog box has two buttons: 'Make only' (highlighted with an orange circle) and 'Close'. The background screens show the same delivery items and preparation instructions as in the previous image. The summary table and shelves section are also visible on the right.

102

This instruction means to prepare the order and place it on a shelf. After preparing the items, click anywhere on the order and select "Make only", then select one of the four shelves.

Make only

3 Items

Item 1: Ppp Pan

- x1 Cheese
- x1 S Classic
- x1 Ham
- x1 Chicken
- x1 Blk Olive
- x1 Rst Peppr

Items 2

104 We can do the same for the second delivery.

The screenshot shows the YUM! KDS interface. On the left, the 'Make only' menu lists items: 1x1 Ppp Pan (Cheese, S Classic, Ham, Chicken, Blk Olive, Rst Peppr), 1x1 Ppp Pan (Cheese, S Classic, Pepperoni, Banan Ppr), and 1x1 BtrBreadStx (BreadStx, 1 Btr Sau). A modal dialog is open with the text 'Choose the desired action' and two buttons: 'Make only' (highlighted with an orange circle) and 'Close'. The bottom status bar shows 'BYTE by Yum!', 'Tue 06.03.25 3:44 PM', and 'Versions'. On the right, the 'Shelves' section shows a grid of shelves A, B, C, and D. Shelf A is active, showing '03:44 PM' and a pizza image. Shelf B is highlighted with an orange circle. The top right corner shows 'Avg. Prep Time' with a table:

Avg. Prep Time		
Last Hour	Today	Weekly
00:18	00:18	01

Below this is the 'Agg Items' table:

Agg Items			
Stuffed Crust	0	Med Pan	0
Lrg HT	0	Lrg Thin	0
Med HT	0	Med Thin	0
Lrg Pan	0	Rectangle	0

105 Selecting shelf B

The screenshot shows the YUM! KDS interface with shelf B selected. A red dragon character is visible in the center. The 'Shelves' section shows a grid of shelves A, B, C, and D. Shelf B is highlighted with an orange circle. The top right corner shows 'Avg. Prep Time' with a table:

Avg. Prep Time		
Last Hour	Today	Weekly
00:18	00:18	01:29

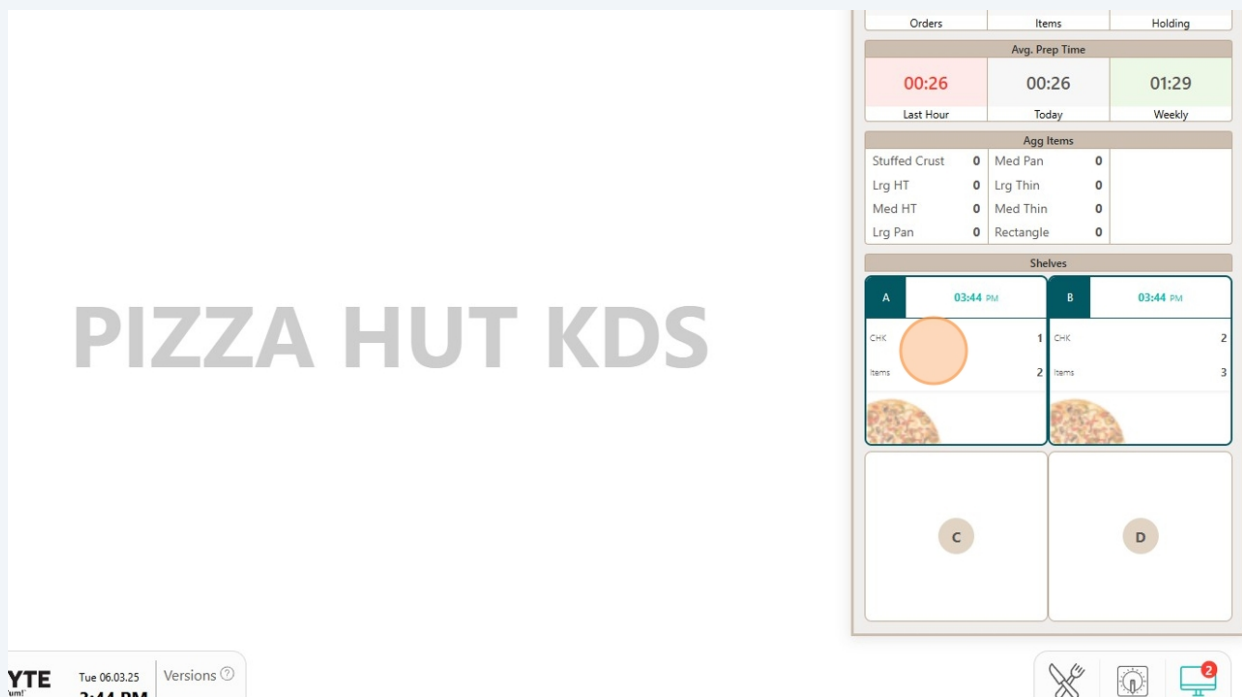

Below this is the 'Agg Items' table:

Agg Items			
Stuffed Crust	0	Med Pan	0
Lrg HT	0	Lrg Thin	0
Med HT	0	Med Thin	0
Lrg Pan	0	Rectangle	0

A modal dialog is open with the text 'Shelf selection' and 'Place the order on the desired shelf. To cancel, click outside the Shelves area'.

106

Now, the 2 orders are placed in the Shelves boxes. Once the system identifies a driver will become available, it will alert and recommend to insert items into the oven (shelf boxes flash and blink). Click the shelf box.

The screenshot displays the PIZZA HUT KDS interface. The main area shows the text "PIZZA HUT KDS". On the right, there is a summary table with the following data:

Orders	Items	Holding
00:26	00:26	01:29
Last Hour	Today	Weekly

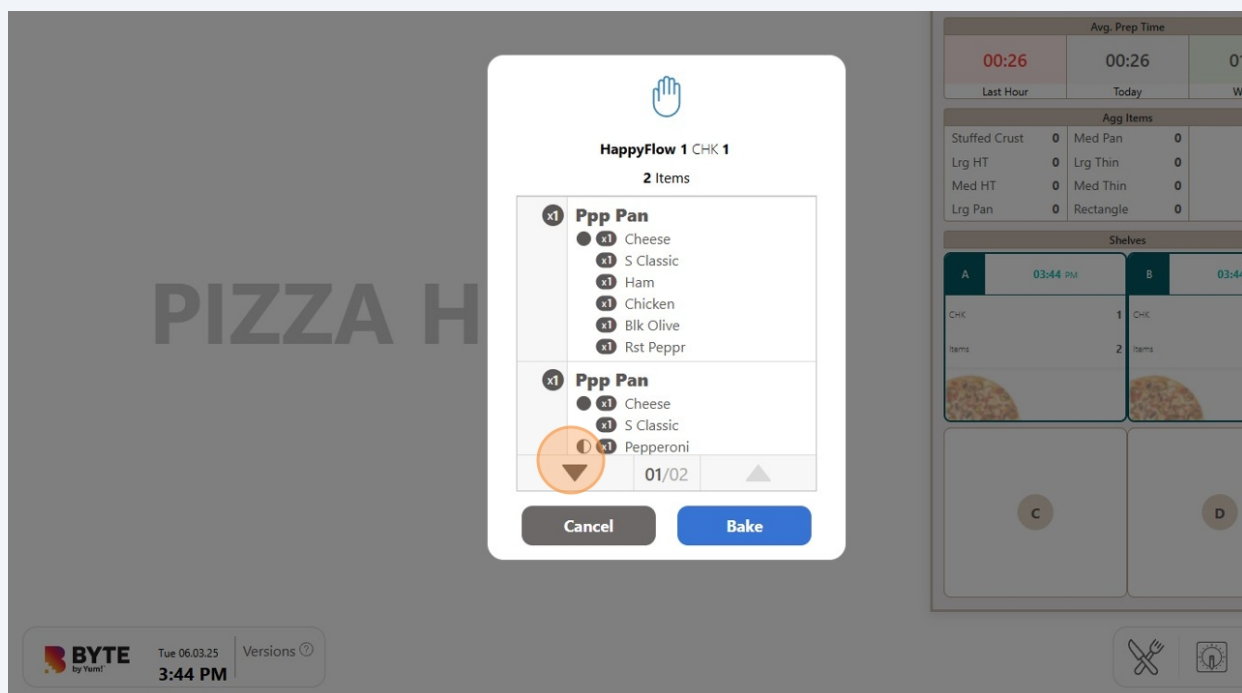

Below the summary table is the "Agg Items" section:

Agg Items	0	0	0
Stuffed Crust	0	Med Pan	0
Lrg HT	0	Lrg Thin	0
Med HT	0	Med Thin	0
Lrg Pan	0	Rectangle	0

The "Shelves" section shows two active orders, A and B, each containing a pizza item. Shelf A has a pizza item with a quantity of 1, and Shelf B has a pizza item with a quantity of 2. The bottom status bar shows "YTE", "Tue 06.03.25", "3:44 PM", and "Versions".

107

A pop-up with the items will appear - make sure you insert all items to the oven.

The screenshot displays the PIZZA HUT KDS interface with a pop-up window titled "HappyFlow 1 CHK 1" showing "2 Items". The pop-up lists the following items:

- x1 Ppp Pan**
 - x1 Cheese
 - x1 S Classic
 - x1 Ham
 - x1 Chicken
 - x1 Blk Olive
 - x1 Rst Peppr
- x1 Ppp Pan**
 - x1 Cheese
 - x1 S Classic
 - x1 Pepperoni

The pop-up also shows a quantity of "01/02" and buttons for "Cancel" and "Bake". The background shows the same PIZZA HUT KDS interface as in the previous screenshot, with the "Shelves" section visible.

108 Now we are ready to select "Bake".

111

Now, the order moved to the PACK screen. When the items are ready and packed, we can click the order

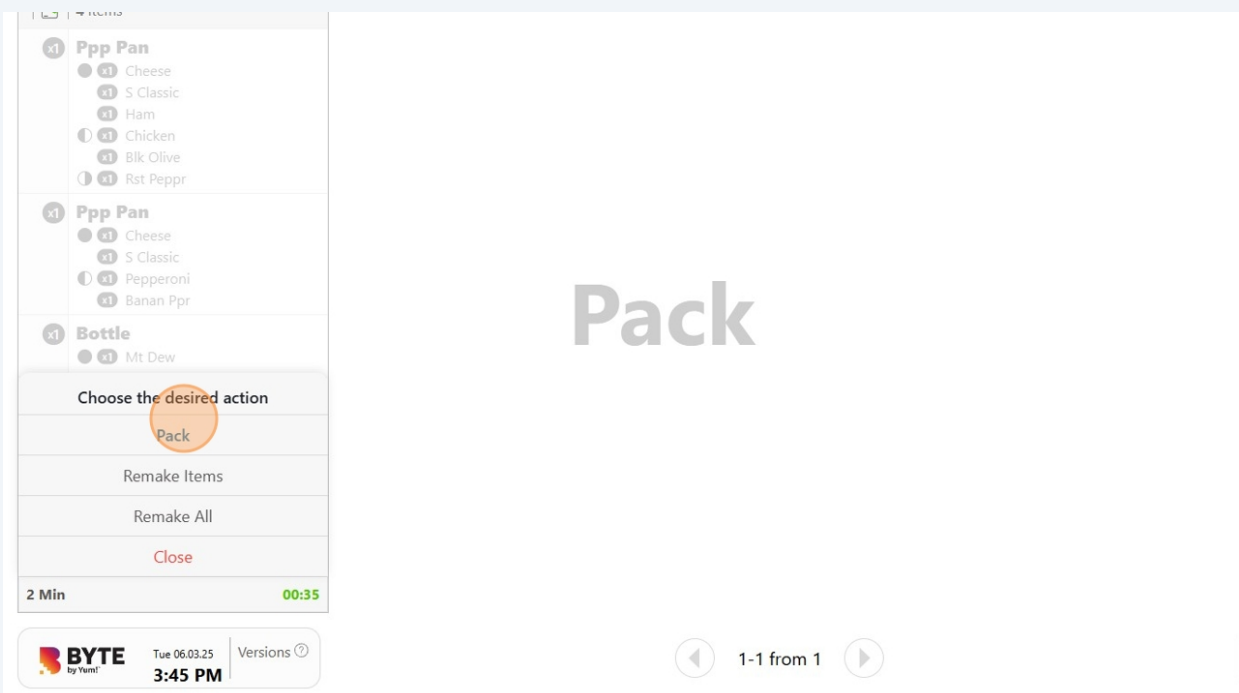

112

And then click "Pack".

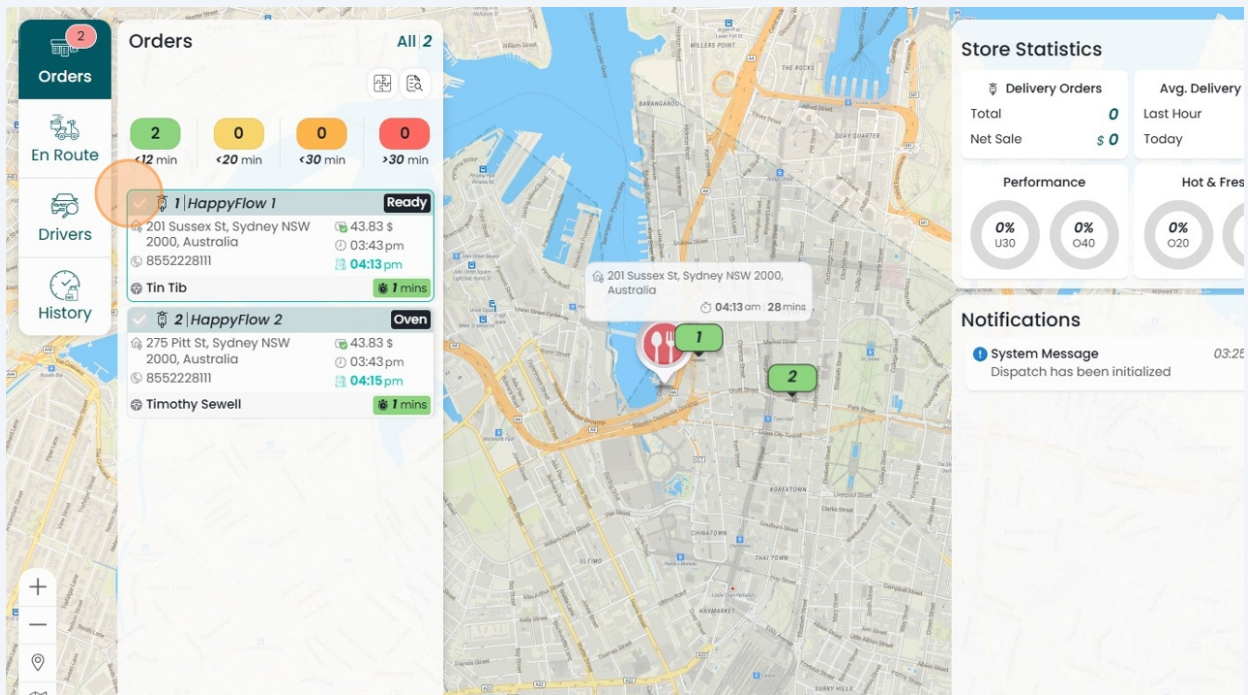

113

Same for the second delivery:

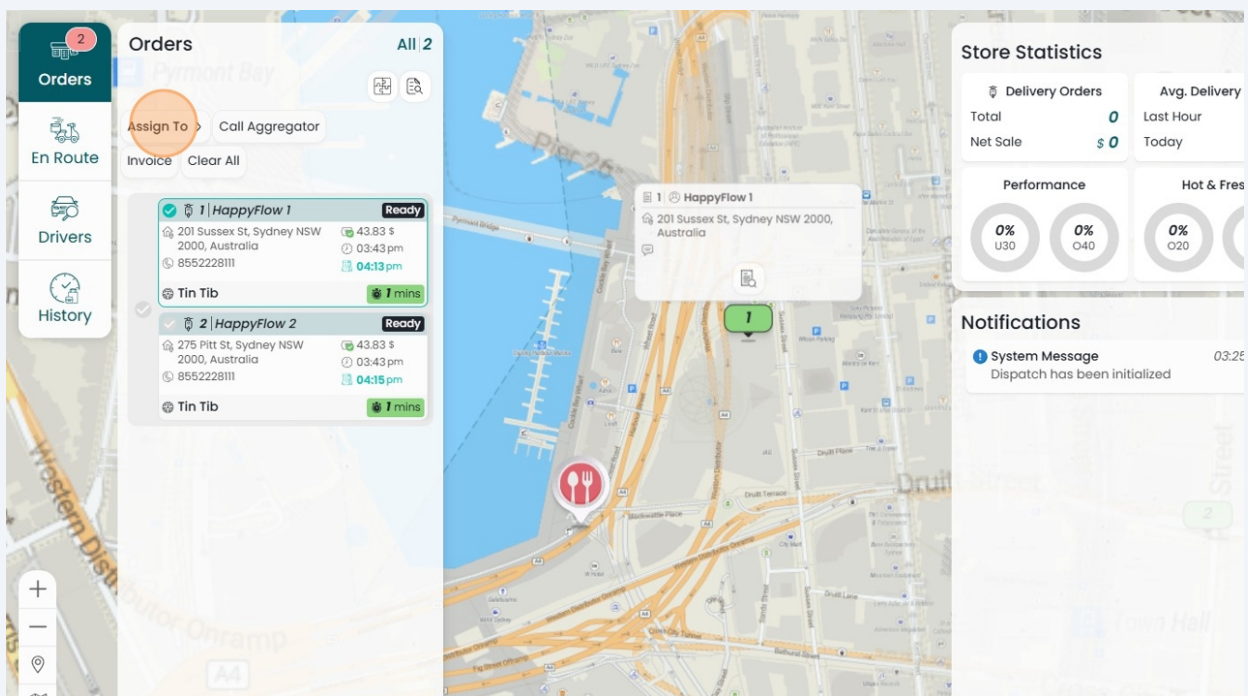

114

Once the deliveries have been packed and bumped from the PACK screen, they can be assigned to driver/s via the DISPATCH. Click the order's check-box

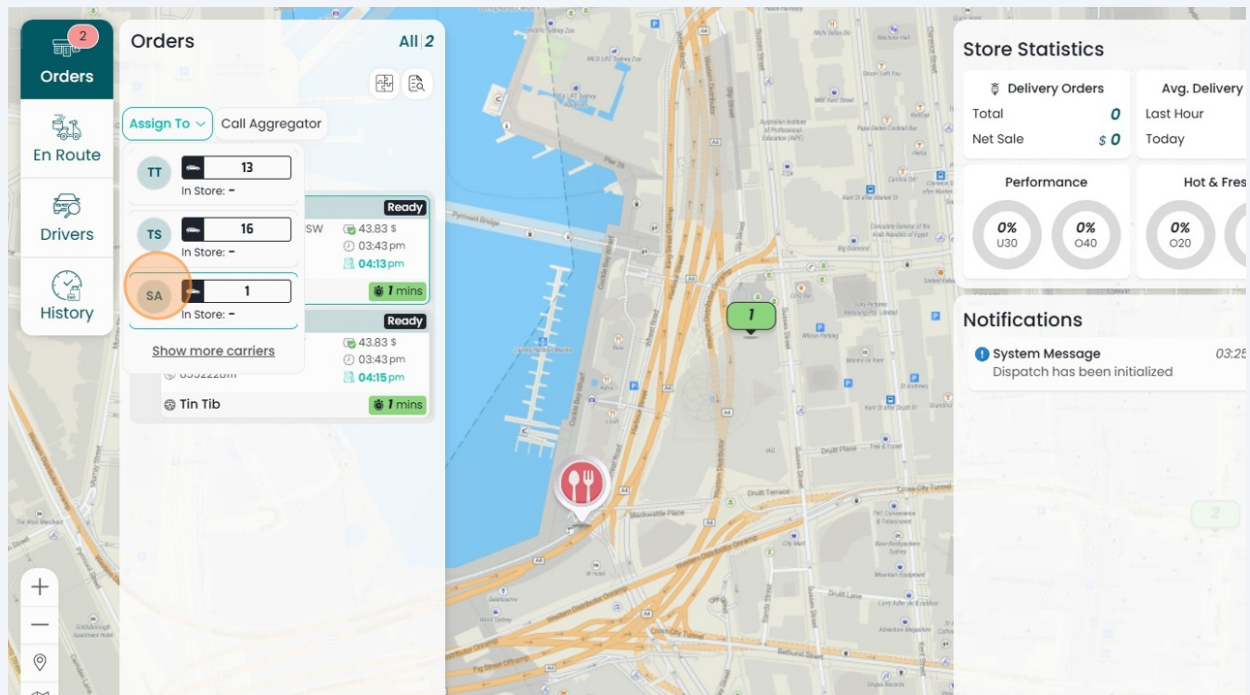

115

Click "Assign To"

116 Chose the recommended drivers name.

117 Click "Drivers"
