# The Display of Revised Orders on the Pack Screen

Revised order including the amount of times the order was revised will appear with a special title at the top.

The screenshot displays the 'Pack Screen' interface. At the top, a black header bar contains the text 'Total Orders: 1' and 'Page 1 Out of 1' in the center, and the 'DRAGONTAIL SYSTEMS' logo and 'Sun 01.07.18 23:43' on the right. Below the header, a white card displays order details. The card's title bar shows 'CHK 633', a 'Revision 1' label (highlighted with a red box), and '9 items'. Below this, it says 'Delivery - Jia Heng Pang' and shows a redacted address '636 Senja Road #20-317 ,Sing...'. The order items list includes: '\$22 2 REG PNT/HST', 'PNT HAWAIIAN [REG]', 'PNT THE FOUR CHZ [REG]', 'FOC 4p Wings', '2 x FOC Parmesan Cheese', '2 x FOC Chilli Flakes', and '2 x FOC Chilli Flakes' (faded). At the bottom of the card, it shows '0 mins', 'Page 1 of 1', and a green timer '00:42'. Red arrows point from the 'Revision 1' label to the explanatory text above and from the faded '2 x FOC Chilli Flakes' item to the explanatory text below.

Revised item/s sent back to the Make Screen will appear faded until they get bumped from the Make
