Instruction on whether to Make only or Make & Bake

Long orders appear with arrows, Grey arrow up means you are at the top of the page, grey arrow down means you are at the bottom of the page. Click the green arrow to scroll to the next or previous page

The screenshot shows a mobile application interface for a pizza shop. At the top, the order number 'CHK 103' is circled in red. To its right, '8 items' is also circled. Below the order number is a small icon of a pizza box. To the right of the icon is the text 'Delivery - Taylor Jackson'. Below this is a red bar with the text 'Make & Bake'. To the left of the screen, there are three icons: a phone, a laptop, and a pizza box, labeled 'Phone', 'Internet', and 'Carryout' respectively. Below these icons is the text 'Order type and customer name'. To the right of the screen, there are three text labels: 'The number of items in the order', 'Full order view', and 'Instruction on whether to Make only or Make & Bake'. Below these labels is a large grey arrow pointing up and a large green arrow pointing down, both circled in red. To the right of these arrows is the text 'Long orders appear with arrows, Grey arrow up means you are at the top of the page, grey arrow down means you are at the bottom of the page. Click the green arrow to scroll to the next or previous page'. At the bottom of the screen, there is a red bar with the time '10:08' circled in red. To the right of the time is the text 'The time passed since the order was displayed on the screen.' At the bottom left of the screen is the text 'Page 1 of 4'. At the bottom right of the screen is the logo for 'BYTE by Yum!'.

Dine in Orders

Dine in orders appear in orange

Items that **do not need to be prepared** at this stage will appear faded.

Example:

Only the main course should be made.

Other items appear in fade – **do not make.**

1. Make main course
2. Bump
3. The rest of the order (the dessert) will appear when it needs to be prepared

Dine in Holds Screen

To access the Dine in Holds Screen,
click the icon on the top left of the Make Screen

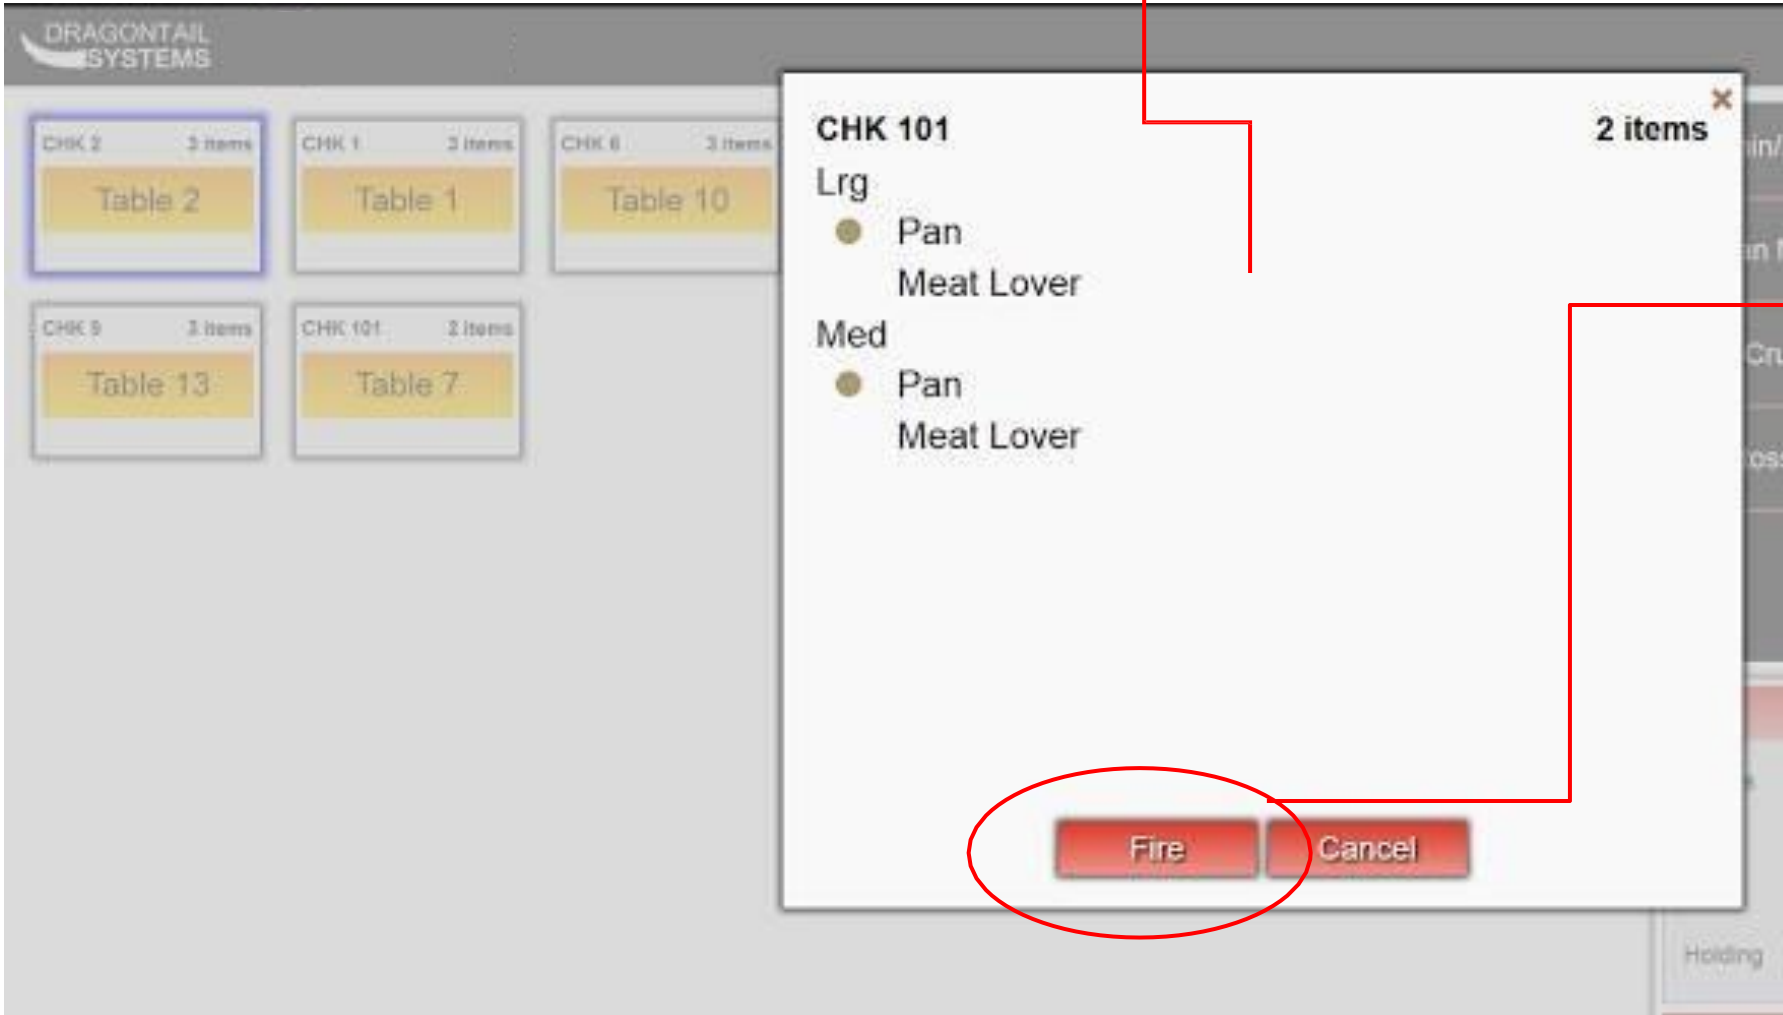

This Screen displays all open
dine in tables
(dine in items yet to be
provided in the restaurant)

D.I. Holds

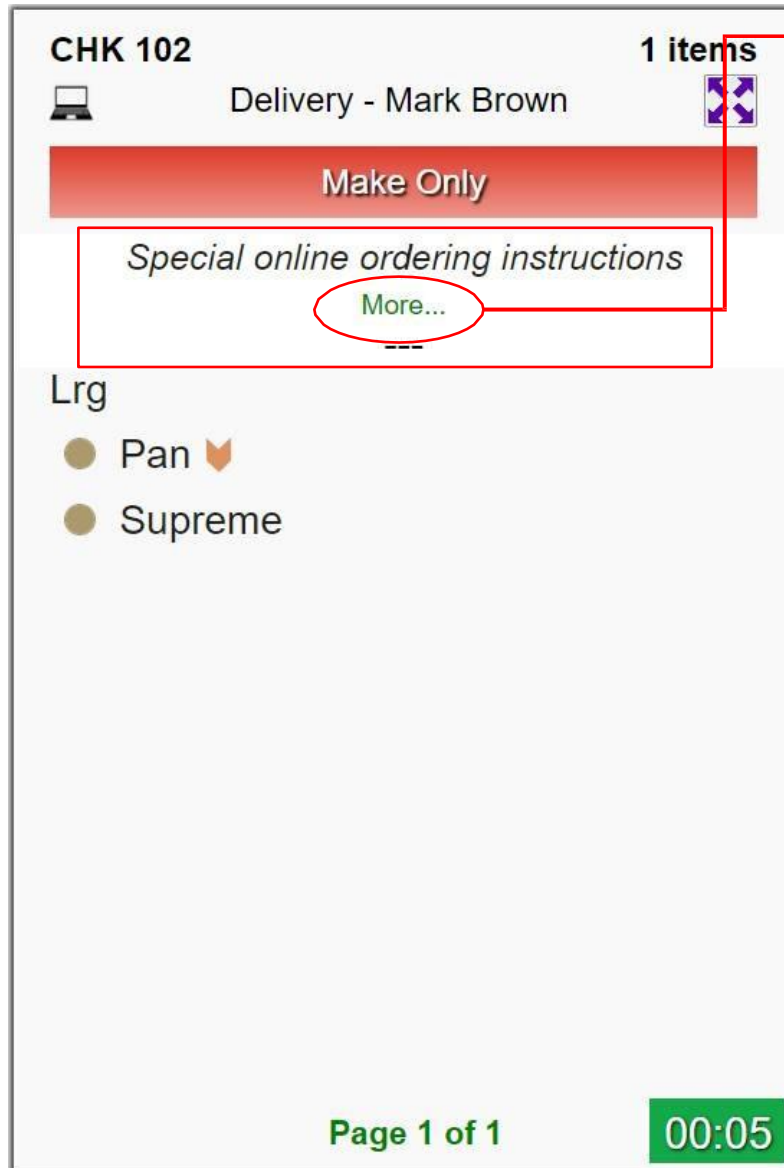

Dine in Holds Screen

To view the remaining items on a specific table, click the relevant table.
A popup will be displayed with the remaining items on that table.

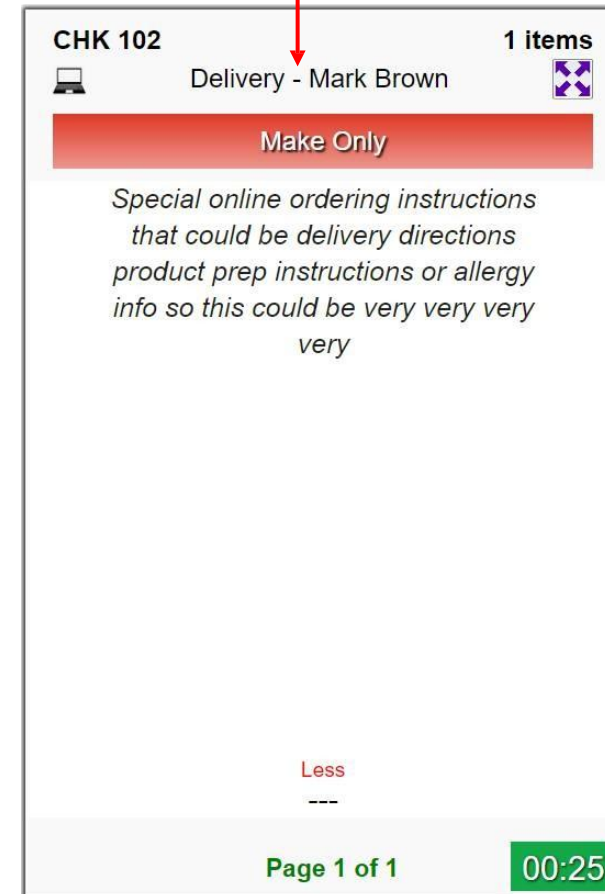

There is an option to “Fire” the items to preparation immediately in case there is a need to prepare the items before the defined time.

Special Instructions for the cook

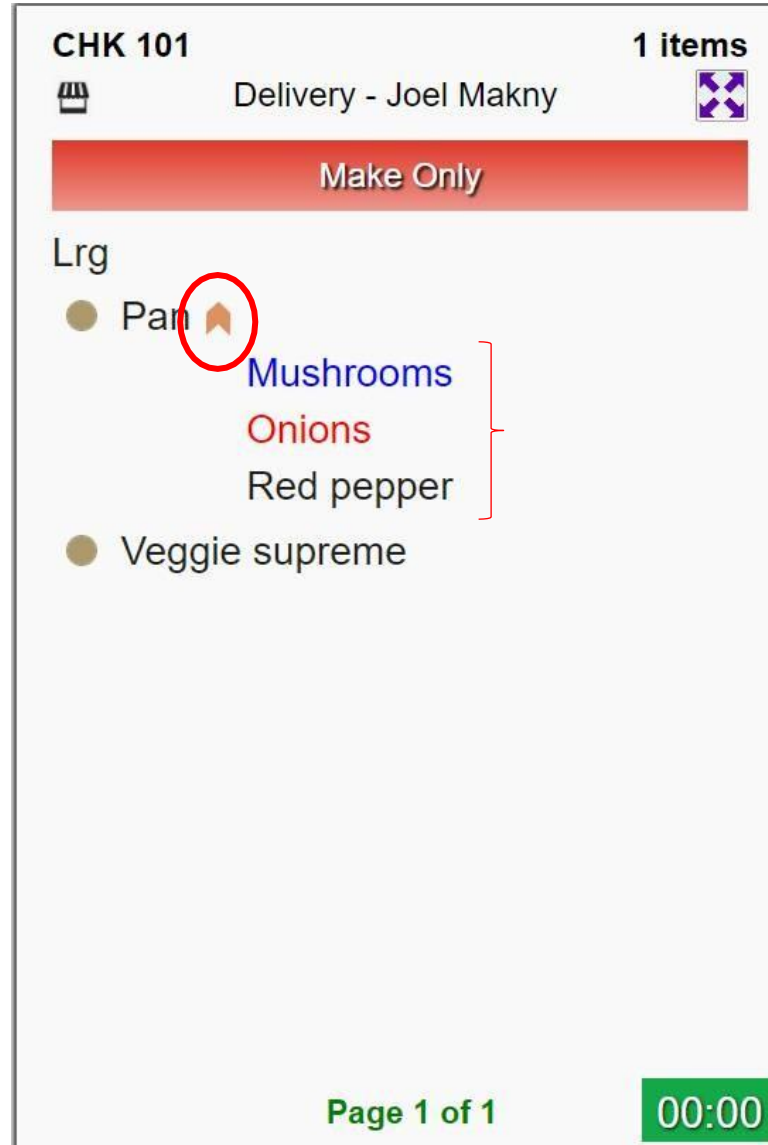

Click “more” to review additional instructions that did not fit on the screen.

The Ingredients Feature

Click the small arrow to see a drop down list of the toppings (special pizzas)

Full Screen Order View

Click the icon to view the long order in “Full Screen Order View”

Page 1 of 1 03:59

“Make Only” - Functionality

After clicking the shelf,
The order will be displayed on
the screen on the relevant shelf

The cook should physically place
the order items on the correct
shelf in the kitchen.

“Make Only” - Functionality

As soon as a driver becomes available to take the delivery/ies, the system will alert and the order frame will blink, Instructing the cook the insert orders to oven

If multiple shelves are blinking, the system will number them. The cook must insert the orders to the oven in the correct order based on the numbers (first 1, then 2...)

In case two or more shelves are displayed with the same number, it means they are designated to go on the same route (same driver)
